

Private Hell

The Living End

Since you went away
Well, I don't know myself
Spending every day
In a private hell
I don't go outside
I don't see anyone
I'm better off on my own
I just disappear into my mind

Living in a private hell
Living in a private hell
I don't know if you can tell
That I'm living in a private hell
I need somebody to help me out
I need somebody to help me now

Now I realise
That she's not coming back
No tears to cry
I'm happier when I'm sad
I never bother to look
At any other girl
I've had enough of Facebook
Don't wanna know about the outside world

Living in a private hell
Living in a private hell
I don't know if you can tell
That I'm living in a private hell
I need somebody to help me out
I need somebody to help me now

Living in a private hell
Living in a private hell
I don't know if you can tell
That I'm living in a private hell

Living in a private hell
Living in a private hell
Consider it a cry for help
That I'm living in a private hell
I need somebody to help me out
I need somebody to help me now

A private hell
A private hell
A private hell
