

## What Would You Do?

The Living End

I don't know enough about the things you do  
I don't know enough to say I really know you  
But I already fell in love with you  
And if you knew what would you do?  
I can tell a lot by the things you wear  
I can tell you're gonna be a millionaire  
But I already fell in love with you  
And if you knew what would you do?  
I've stopped myself from trying  
I shouldn't talk to you  
And now inside I'm dying  
What would you do?
