

# Report, Report, Report!

## The Living Tombstone

Another mission, we're all in this together  
Last one was a mess, hope this one's better  
It's all for one and one for all, for this new crew  
To survive we'll have to work like our lives depend  
Upon trust on the strength of a friendship  
'Cause in the end whether we live or die is up to  
Knowing truth from a lie when a guy gets a suspicious  
Look in his eye, will you comply or say goodbye?

Finish my task now, off to the next one  
Check the map for where to go  
Pass in the hallway, always a long day  
Have no time to say hello  
No time to take breaks, helping my crewmates  
Can't afford to take it slow  
Systems are spotty, there's a dead body  
Wait, oh no no

I didn't do the thing you think I was doing  
I wasn't in the place where he saw me  
Report! Report! Report!  
He's sus! He's sus! He's sus!  
I didn't go the place that he saw me going  
No alibi, but you gotta trust me  
Report! Report! Report!  
He's sus! He's sus! He's sus!  
Report! Report! Report!  
He's sus! He's sus! He's sus!

Lost another crewmate, goodbye to a friend  
He's a ghost now, taking his secrets to the end  
Of the game as we lay the blame at each other's feet  
We may not make it out before our tasks are complete  
We're facing defeat, no giving up and no retreat  
We gotta get cooking before we are dead meat  
A dead heat race to the finish just to survive  
I know you're terrified, will we make it out alive?

Finish my task now, off to the next one  
Check the map for where to go  
Pass in the hallway, always a long day  
Have no time to say hello  
No time to take breaks, helping my crewmates  
Can't afford to take it slow  
Systems are spotty, there's a dead body  
Wait, oh no no

I didn't do the thing you think I was doing  
I wasn't in the place where he saw me  
Report! Report! Report!  
He's sus! He's sus! He's sus!  
I didn't go the place that he saw me going  
No alibi, but you gotta trust me  
Report! Report! Report!  
He's sus! He's sus! He's sus!  
Report! Report! Report!  
He's sus! He's sus! He's sus!

It's an emergency, the convergence of an urgency  
Dead bodies been observed with the emergence of impostors  
This roster has an insurgency, bent on slaughter, an alien marauder  
A specimen messing in space, your life and your death are at stake  
Trust in no one, takes one to know one  
Monsters in the mirror, confront a hunter, killer  
Slipping through the air vents to hit 'em like Thriller  
Crawling through the vent with intent to sabotage  
Follow with the knife as they try to run and dodge  
Careful not to scare 'em, make sure nobody's staring  
Sneak up from behind and the alarm starts blaring  
"No, it wasn't me!" "Green was sus"  
Let's discuss who to trust while I lie through my teeth  
Underneath my calm sits a nuclear truth bomb  
The mastermind plotter, I am the impostor

I didn't do the thing you think I was doing  
I wasn't in the place where he saw me  
Report! Report! Report!  
He's sus! He's sus! He's sus!  
I didn't go the place that he saw me going  
No alibi, but you gotta trust me  
Report! Report! Report!  
He's sus! He's sus! He's sus!  
Report! Report! Report!  
He's sus! He's sus! He's sus!
