

# Dreamgirl

The Lonely Island

(The following song is brought to you by Chex Mix)

Some dude once said that love is a many funny things  
I know there's a perfect girl out there for me, cuz I see her  
In my dreams

Dream girl, you're a fantasy, you're the only one  
Out there for me  
My love

Dream girl you amaze me, all dressed in paisley  
Love how not one, but both eyes are lazy  
When I first saw you, you were drivin' the bus  
Thick skin, strong nose like a rhinoceros

Dream girl so beautiful, lips all crumby  
Skin like asphalt, nose so runny  
Thick thighs, no waist, not a care in the world  
You not crazy girl, you just my baby girl

Yo, you're a vision in sweats with the neon pouch  
Half eaten squirrel hangin' outta your mouth  
Rainbow poncho, the female tonto  
Hear a loud noise, start b-buckin' like a bronco

Dream girl, you're a fantasy, you're the only one  
Out there for me  
My love

You got your cellphone ring set to Sex and the City  
You like a hot bowl of grits only way more gritty  
Straight drippin' in turquoise my Santa Fe queen  
One short leg, you got the Santa Fe lean

It's music to my ears when you scream in your sleep  
And when you lift your skirt in public, yo I can't help but peek  
You like Cleopatra with the eyes of a pig  
Love to watch you in the backyard when you go out to dig

Girl how'd you get those mouse traps glued to your neck?  
Little rascal, how'd you get screwed to the deck?  
You put away slurpees like a trash can

Your smiles all stinky and you're not too brainy and  
I like that!

Talking to your shoes like it's your friend  
I like that!

Yellin' at the walls and make pretend  
I like that!

Tellin' you to stop it then you don't  
You said you gonna stab me in my sleep  
But you won't!

Last week, thought I saw you on the street, turns out it was a bag of trash

Just a big ol' bag of trash  
I thought you looked like a bag of trash

Dream girl I pitch a tent when you stomp in the room  
Like a hellbound turkey mixed with a baboon  
You're sexy and you're spicy like a bowl of Chex Mix  
And I always feel safe when I'm in your flesh mitts

Your teeth so clean coulda swore you were British  
Never take ya Chex Mix cuz you always get skittish  
Open clams with both feet cuz your ambidextrous  
No point cuz we know you eat nothin' but Chex Mix

Chex Mix number one food snack in the land  
It's the cereal taste that you eat with your hand  
Chex Mix at your local grocer buy a box  
Your family will all say  
CHEX MIX ROCKS!

Chex Mix, you're the snack for me, you're the only one  
I'll ever eat or buy  
Chex Mix you're delicious, you got 60% less fat than potato chips
