

Round the Hairpin

The Long Blondes

Round the hairpin
We go speeding
In a rented car
Round the hairpin
We go speeding

A few days abroad
Is all he could afford
A few days abroad
Is all I could afford
Round the hairpin
We go speeding

Round the hairpin
We go speeding
In a rented car
Round the hairpin
We go speeding

A few days abroad
Is all he could afford
A few days abroad
Is all I could afford
Round the hairpin
We go speeding

Some of my family
Don't know I'm out here
Imagine the sorrow, imagine the shame
Some of my family
Don't know I'm out here

Round the hairpin
We go speeding
In a rented car
Round the hairpin
We go speeding
Don't let me die

Round the hairpin
We go speeding
In a rented car
Round the hairpin
We go speeding
Don't let me die
