

I've Got My Problems

The Longshot

I wanna be a girl like you
Dead bubblegum to Big League Chew
I wanna rumble, I need a place to go
I'm on a stumble and it ain't gonna be the first time

Do you wanna walk around with me?
If you got no better place to be?
Hang in the doorway or on the carousel
Well I don't wanna fuck around with nobody else

I got my problems
She's my solution
I'll live in boredom
But she's alright
She's alright

I'll take one on the chin for you
Like Voodoo Dolls and Baby Blue
I wanna rumble, I need a place to go
I'm on a stumble and it ain't gonna be the first time

I got my problems
She's my solution
I'll live in boredom
But she's alright
She's alright

I got my problems
She's my, my, my solution
I'll live in boredom
But she's alright
She's alright
She's alright
