

Soul Surrender

The Longshot

Sweet soul surrender
Sweet old suicide
She's my sole defender
Don't be so uptight

Just me and my imagination
I swear I think I saw a ghost
Only me out of my temptation
I got a case of burning cold

Sweet soul surrender
Sweet old suicide
She's my sole defender
Don't be so uptight

Send me a message
Through the window
Something that I have never known
I think I need a long vacation
To keep me clean and blow my nose

Sweet soul surrender
Sweet old suicide
She's my sole defender
Don't be so uptight

Send me a message
Through the window
