

Summer Of Love

The Lost Trailers

She was standin there with her big, blue, question-mark eyes
Sayin, Would you stay the night and me, I was just seventeen, m
y very first time
But I knew it was right, she pulled off my baseball hat
We kissed and I knew there was no lookin back

By the end of May, I could feel the change
She pulled me close to say

I want a summer of misbehavin, out all night, no reservations
Hittin that river, strippin down till the sun comes up
Oh, I want a summer of love

June flew by, before we knew it, it was the 4th of July
So we headed to the Tennessee line
Bought a hundred bottle rockets, shot em up in the sky
And they lit up the night like risin stars that burn to dust
And I said, baby, thats just like us

Someone set us up, lit the fuse
Two young lovers with nothing to lose

But a summer of misbehavin, out all night, no reservations
Hittin that river, strippin down till the sun comes up
Oh, I want a summer of love

No matter what happens, well have today
And Ill always, pretty baby, wanna feel this way

I want a summer of misbehavin, out all night, no reservations
Hittin that river, strippin down till the sun comes up
Oh, I want a summer of love

Na, na, na, out all night, hittin that river, strippin down til
l the sun comes up
Like risin stars, poppin and burnin to dust, yeah, that was us
