

# Way Up On The Mountain

The Louvin Brothers

I was down in the valley, way down in the valley  
When the Saviour heard my feeble cry  
Now I'm back up on the mountain. way up on the mountain  
Drinking from the fountain that never will run dry.

There was darkness all around me when my Saviour found me  
Way down in the valley of despair  
But when I told him all my troubles my joys and he doubled  
I'm way up on the mountain rejoicing in his care.

Well, I was down in the valley, way down in the valley  
When the Saviour heard my feeble cry  
Now I'm back up on the mountain. way up on the mountain  
Drinking from the fountain that never will run dry.

If it don't watch old Satan he'll get you in the valley  
And hide you from the Saviour's guiding light  
But he will stay behind you and he will never find you  
Way up on the mountain if you fight the good fight.

Well, I was down in the valley, way down in the valley  
When the Saviour heard my feeble cry  
Now I'm back up on the mountain. way up on the mountain  
Drinking from the fountain that never will run dry.
