Boom, back over the twerk noise
I was just somewhere where the water was turquoise
Say she need a real grown man 'cause she hurt boys
Know I'm trying to stand up in it, surfboard
When she bend it over, greatest thing on this earth, Lord
All over the suite, like we having a turf war
Trying to make her tap out by putting in work more
But she from the yard, so she know how to jerk more
So I need you to
