Hey, hey!

Hey, hey!

Which rapper wanna smile on they neck? You a cock sucker  
You ain't say Styles is the best, I'm disgustin'  
What up then? Start the discussion  
The ends is a high me, that's a body in Hudson  
Lucky to be found by the river patrol  
He a piece of shit, flush him, fuck diggin' a hole  
Which rapper said he the best? Tell 'em Ghost said he's a bitch  
And told him to say less and give him my address  
Yeah, the top ten niggas is soft as a jazz fest  
Put my blade to they skin and stretch it like spandex  
But now I'm on some entrepreneur shit  
Spa seats in the car, can of god, full of that raw shit, at least a zip  
Violate, hit 'em with at least a clip  
Knocked out his eyeballs, he ain't even peeped the shit  
Ghost numb like he on cocaine and ether mixed  
Simply don't give a fuck, cool when the reefer lit

They say hip hop is dead but it's never over  
They say [?] is dead but it's never over

Hey, hey!  
It's never over, it's never over  
Hey, hey!  
And if we ever go to war, it ain't never over  
They say hip hop is dead but it's never over  
They say [?] is dead but it's never over  
Yeah, them wack niggas winnin' but it's never over  
Let's go  
It's never over, it's never over  
Hey, hey!  
It's never over, it's never over  
Hey, hey!

Buy coke, cook that  
Bring it back, get a pack  
Put it on the block, fuck around, I'ma make it clap  
Run from Jay, throw the gun, hide in the fiend house  
Give her money, turn that mother fucker to a greenhouse  
Next door, Heroin, pills for the fuckin' yuppies  
Dog kennels. bloodlines, even sold pimp puppies  
Mixtapes, high school, crazy money, don't sleep  
Bomb squad, bird heads, blast it at a [?] Jeep  
Skinny nigga, dark skin, always had bitches though  
Light skin hatin' on me, standin' like he pigeon toed  
Shot rings, niggas sing loud like the four  
No Khaled, no Puff, narcs at your door  
It's never over, I'm a younger Hova slash M.O.P., Uncle Murda, Cassanova

Black hoodie, black mask niggas don't want none of that  
You say Lox, put greatness in front of that

They say hip hop is dead but it's never over  
They say [?] is dead but it's never over  
Hey, hey!

It's never over, it's never over

Hey, hey!

It's never over, it's never over

Hey, hey!

And if we ever go to war, it ain't never over

They say hip hop is dead but it's never over

They say [?] is dead but it's never over

Hey, hey!

It's never over, it's never over

Hey, hey!

It's never over, it's never over

Never

And if we ever go to war, it ain't never over

Never, nigga!

It's never over, it's never over

Hey, hey!

It's never over, it's never over

Hey, hey!

I could go anywhere as long as I got the toast  
I do it for the East as long as I got the coast  
Go out on my shield as long as I got my oath  
And hip hop could never be dead long as I got a pulse  
Grown man rap, that's the kiddy section

I was the fly on the wall in the Biggie session

Soaked it all up and spit it out with aggression

Felt a way about it, every sense, with affection

Yeah, you better believe that the bottles is on deck

Haze, glue cookies, gelato is on deck

Never sober, it's never over, we roll out

Twenty one deep in eleven Rovers, head and shoulders

That's where they pointin' them things at

Playin' the game, see how many heads we could bring back

Yeah, at least it be authentic

When you hear them three letters, you know that they represent it

L-O-X

It's never over, it's never over

Hey, hey!

It's never over, it's never over

Hey, hey!

Hey, hey, hey!

Hey, hey, hey!
