The Lox

Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body  
Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body

Let a nigga try me, try me  
I ain't got a problem  
Let me bull his floppy  
And if you're lookin'  
You know where to find me  
Probably on Dyke man with a mommy  
I don't use them trumpets cause they're too shiny  
Fuck around and I'll kill a family  
Killin' shit  
Let them niggaz sign me  
If you motherfuckers try to lie to me  
I'm a calm in myself  
So you can't calm me  
More guns than the fucking army  
Selling coke just became a hobby

And I ain't playin' with nobody  
Fuck around and I'll have you sprayed with the shottie  
I wish a nigga would

Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body  
Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body

You don't really wanna try me, try me  
You ain't seen these big gorilla niggaz behind me  
When I bull you  
You're body layin' in the lobby  
I'm a a rapper but I'm a burning nigga  
That's my hobby  
And I ain't fallin' for the talkin' nigga  
We gonna pop it  
We gonna pop it 'til the blues will come and stop it  
With the drugs and all the money that you rap about bro  
And I ain't scared  
I'm a thug it to my fucking day come  
I keep it real with my fucking day 1  
New York city, fuck all these rappers where they come from  
Come up and hit the body with the fucking chain gun  
Ignorant, but yeah I'm loving all this fucking gun play  
You should know that these niggaz don't play  
So listen what the hook say

Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body  
Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body

Try me  
It's mommy and daddy  
It's getting high  
And I'll be doing gladly  
Pop them in the head  
And I'm making my addy  
First you get to work  
And then it gets you to baggies  
Try me, try me  
Fly me like Goddy  
Lambo, 2 Ferraris have stepped on  
I'll get your little cousin killed  
With your uncle with knee shots  
So try me, try me  
I say you'll be the next day nigga  
I'm throwin' my diary

Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body  
Let a nigga try me, try me  
I'm a get his whole motherfuckin' family  
And I ain't playin' with nobody  
Fuck around and I'm a catch a body
