

Conspiracy

The Luka State

Rise up, raise anarchy
This free world just ain't for me
Smile and wave, you're on CCTV
You're a modern celebrity
Cash, cash, cashless society
What went wrong with the community?
I just need an opportunity
I just need an opportunity

I sent a message to the world
And now they're coming to get you
You had it coming all along
And now they're coming to take you

This is not a conspiracy
This is not a conspiracy
This is not a conspiracy

I exist, but you don't see me
On the floor is where I lay
I've made mistakes, but they don't define me
The man in the suit, he just walks right by me
The fat cats own all your money
You don't own a single penny
Don't you find it pretty funny
You're paying it all back, paying it all back

I sent a message to the world
And now they're coming to get you
You had it coming all along
And now they're coming to take you

This is not a conspiracy
This is not a conspiracy
This is not a conspiracy

Rise up, raise anarchy
This free world just ain't for me
Rise up, raise anarchy

I sent a message to the world
And now they're coming to get you
You had it coming all along
And now they're coming to take you

This is not a conspiracy
This is not a conspiracy
This is not a conspiracy
