

# Fall In Fall Out

The Luka State

Do we move in slow motion?  
'Cause I can't get a grip on reality  
'Cause it feels like the world stops  
When you're lying here next to me  
I can feel this moving  
Somewhere far in time  
Come on, hold my spirit  
And get lost inside my mind

And we fall in, and we fall out  
And I don't know why we're doing this  
And we fall in, and we fall out  
And I don't know why we're doing this  
And we fall in, and we fall out

She takes it out on me  
When she's feeling stressed  
But I will be a barrier  
And she works all day  
But she's still obsessed with what goes on in my world  
I can feel this moving  
Somewhere far in time  
Come on, hold my spirit

And we fall in, and we fall out  
And I don't know why we're doing this  
And we fall in, and we fall out  
And I don't know why we're doing this  
And we fall in, and we fall out  
And we fall out

Did it all work out  
Like you ever thought it would?  
Did it all work out  
Like you ever thought it would?

And we fall in, and we fall out  
And I don't know why we're doing this  
And we fall in, and we fall out  
And I don't know why we're doing this  
And we fall in, and we fall out  
And I don't know why we're doing this  
And we fall in, and we fall out  
And I don't know why we're doing this  
And I don't know why we're doing this  
And I don't know why we're doing this  
'Cause we fall in, and we fall out
