

Kick In The Teeth

The Luka State

Oh what a kick in the teeth
But you wear it so well
Stuck in a working-class routine
Elvis ain't dead
She's living in slow town
And every time you see her

Smile like you do
It happens all the time
All the time
Smile like you do
It happens all the time
I'll be a kick in the teeth for you

She's raising the kids
And playing the weirdo
I know she's not the only one
Like a kick in the teeth
It's in the way that she wears it
So every time you see her

Smile like you do
It happens all the time
All the time
Smile like you do
It happens all the time
I'll be a kick in the teeth for you

What a kick in the teeth
What a kick in the teeth
