

Oxygen Thief

The Luka State

Well the lights are on
But there's no one home
Well isn't it a shame
Well the lights are on
But there's no one home
Well isn't it a shame

I wanna see you
See your true colours

Behind your eyes
The coldest lies
Well I hope this makes sense
When you roll that dice
I taste the venom
As it falls from my tongue

I never wanted for this
For this to become my fate
You're just an Oxygen Thief
You won't be the death of me
No you won't be the death of me

Well I seem impressed
By the way you walk
Can you handle yourself well
Well I seem impressed
By the way you talk
Can you handle yourself well

I wanna see you
See your true colours

And I have to admit
That I'm filled with such rage
And I have to accept
That the days they change
These are the changes
Change and accept it

I never wanted for this
For this to become my fate
You're just an Oxygen Thief
You won't be the death of me
You won't be the death of me
No you won't be the death of me

If you've got a fucking problem
I'll rip you a-fucking-part
So come and see me
You fucking oxygen thief
Lies and deceit
Spilled by you last week
There's only one word for people like you
Fucking oxygen thief

I never wanted for this

For this to become my fate
You're just an Oxygen Thief
