

Rain

The Luka State

I close my eyes
And see you standing there
You've lost your mind
Oh well music get's me through

But I don't feel lonely
I just want to escape
So hide in the shelter
But I know, but I know, but I know

Does it feel alright
When you're left out in the rain?
Left out in the rain, left out in the rain?
Can you feel alright
When you're left out in the rain?
Left out in the rain?

I close my eyes
And see you standing there
My soul inside
Runs like burning fire

But I don't feel lonely
I just want to escape
So hide in the shelter
But I know, but I know, but I know

Does it feel alright
When you're left out in the rain?
Left out in the rain, left out in the rain?
Can you feel alright
When you're left out in the rain?
Left out in the rain?

Does it feel alright
When you're left out in the rain?
Left out in the rain, left out in the rain?
Can you feel alright
When you're left out in the rain?
Left out in the rain?

Does it feel alright
When you're left out in the rain?
Left out in the rain, left out in the rain?
Can you feel alright
When you're left out in the rain?
Left out in the rain?
