

Think

The Magic Gang

Hey, kid, what are you doing around these parts again?

Huh?

Hey, kid, don't you know running your mouth will get you nowhere?

So don't go there

You have to hold on a moment and contemplate

Yeah, sit and wait

(Think for a second)

All you have to do

(Think for a second)

Is keep your head cool

(Think for a second)

And think for a second

(Think for a second)

(Think for a second)

Keep your mind cool

(Think for a second)

Keep your head strong

(Think for a second)

And think for a second

Tell yourself, "Just let it go"

Hey, kid, what are you doing around these parts again?

Huh?

'Cause hey, kid, you know there just ain't nothing left for you to do here

So have no fear

You have to hold on a moment and rise above

Remember love (Remember love)

(Think for a second)

Keep your mind cool

(Think for a second)

Keep your head strong

(Think for a second)

And think for a second

(Think for a second)

Listen to what I say

(Think for a second)

Ooh

(Think for a second)

You just have to listen

(Think for a second)

And tell yourself, "Just let it go"

You just have to let go

(Think for a second)

Keep your mind cool

(Think for a second)

And keep your head strong

(Think for a second)

Oh

(Think for a second)

Listen to what I say

(Think for a second)

(Think for a second)
Keep your head cool
(Think for a second)
(Think for a second)
Ooh
(Think for a second)
(Think for a second)
Listen
(Think for a second)
Listen
Listen
Tell yourself, "Just let it go"
