

# Take A Chance

## The Magic Numbers

**D**

What you gonna do when it all breaks down

**Bm**

Take another heart through this lonely town

**G**

What you gonna do when she turns around

**A**

And says I never ever thought that you'd be messing around

**D**

But then you dance, dance, dance with the woman that lets you

**Bm**

How's it gonna feel until I catch you,

**G**

What you gonna do when she turns around

**A**

And says you broke another heart that was broken down,

**G**

It's a crying shame, that the love you've made

**Bm**

**A**

Is a cross...that you bear

**G**

When it's cold...

Why don't you leave me alone?
