

## Why Did You Call?

### The Magic Numbers

Why did she come tonight?  
I was beggining to mend all  
Slipped down, fell aside  
You give me reason to do nothing but wrong

It starts with the sinner tonight  
It feels so right  
You leave me happy just to feed it a lie  
While I just panick at the break of down

Why did you call tonight?  
(I want to know if I can trick a lie)  
I was beggining to build up  
Dreams of a another night  
(I want to know if I can trick a lie)  
You send a shiver to a body that'ss cold

She says she will be here a while  
I'm paralysed  
Feels like I'm loosing this fight  
You just have it when it hits me

A race for luck when it stops  
Plays on my hands  
I've tasted lie  
Dare me to believe  
Our time is up  
I don't believe  
I don't believe  
I don't believe

Why did you call tonight?  
(I want to love you like a trick of the light)

You follow the sinner tonight  
It feels so right  
You leave me happy just to feed it a lie  
While I just panick at the break of down

Erase your life, fuck it up  
Blood is on my hands  
I've tasted lie  
A race for luck when it stops  
Dare me to believe  
Our time is up  
I don't believe  
I don't believe  
I don't believe  
I don't

If this is real then I know I should wake you up  
There's no mistake I loose the feeling when the music  
stops  
I wanna hit you but you're never gonna mean that much  
to me

(You will, but you don't)

Tonight I'll let you, I'm gonna find you within every  
touch  
Whatever happens, let's forget about the venom in us  
I wanna love you but you're never gonna mean that much  
to me

I don't believe  
I don't believe  
I don't  
I don't believe in us

Why did you call tonight?  
(I want to love you like a trick of the light)  
Why did you call tonight?  
(I want to love you like a trick of the light)
