

You K(no)w

The Magic Numbers

Like a vulture
That collapses into
In spite of your weakness
It still feeds on you

In the paralyze
In the poisonous sound
It's all used tonight
What I have become

And if you're disappointed with me
Why don't you come and save me from myself
I've been loosing lately
I've forgotten just who I was against
You know
You know
You know
You know

Are we fragments
Masquerading as one
Self that we hide in
Has been wrong long time

Is it easier
If I don't make a sound
The silence of virtue
When it's crying out

And if you're disappointed with me
Why don't you come and save me from myself
I've been loosing lately
I've forgotten just who I was against
You know (only you know)
You know (only you know)
You know (only you know)
You know (only you know)

And all
Through the night
I wait
For you

And all
Through my life
I wait
For you

And if you're disappointed with me
Why don't you come and save me from myself
I've been loosing lately
I've forgotten just who I was against
You know (only you know)
You know (only you know)
You know (only you know)
You know (only you know)

And all
Through the night
I wait
For you
