

# You Never Had It

## The Magic Numbers

**E**

I must have been blind  
thought I could see through your eyes  
I was wrong you were right

**F#m**

now I can't get out of bed

**E**

Fear, fear in my bones  
look at the toss look me turning  
Yet still I could learn

**F#m**

I just can't get out of bed  
was it something that you said?

CHORUS:

**Asm**

I was wrong (I was wrong)

**F#m**

I was lost but now I'm found

**Asm**

Don't be scared, don't be scared

**F#m**

Of losing something that you never had

**E**

Fear, fear in my bones  
look at the toss look me turning  
Yet still I could learn

**F#m**

I just can't get out of bed  
No I can't

**E**

I must have been blind  
Thought I could see through your lies  
I was wrong you were right

**F#m**

Now I can't get out of bed  
Was it something that you said
