

SUPERFLY

The Magician

Ya super fly
It's magical, hot
You blow my mind

Ya super fly
It's magical and hot
You blow my mind

Ya super fly
It's magical, hot
You blow my mind

Ya super fly
It's magical and hot
You blow my mind

You got it
Please don't forget
You got it
I see it every second of the day
You move just like a wave
Hey
You got it
You got it

Ya super fly

Ya super fly

Ya super fly
It's magical, hot
You blow my mind

Ya super fly
It's magical and hot
You blow my mind

All I know that you're
And I don't want nothing else

All I know that you're
And I don't want nothing else
And I don't want nothing else

Ya super fly
It's magical, hot
You blow my mind

Ya super fly
It's magical and hot
You blow my mind

Ya super fly
It's magical, hot
You blow my mind

Ya super fly

It's magical and hot
You blow my mind
