

Satin & Lace

The Magnificent

High heels walking down the street
I'm watching you and I feel that I can't breath
I can't breath
My hands are shaking like never before
I can't take it but I'm coming back for more,
I want more

Standing there across the street
You set my body on fire

Satin and lace
Watch me as I turn the lights on
Step into my Chevrolet
Yeah, we're gonna get it right on
Angel in satin and lace

You like my wheels and I love what you've got
You make me crazy but I just can't get enough
Oh Oh

Getting close I can feel your heat
You set my body on fire

Satin and lace
Watch me as I turn the lights on
Step into my Chevrolet
Yeah, we're gonna get it right on
Angel in satin and lace

Satin and lace
Watch me as I turn the lights on
Step into my Chevrolet
Ooh, we're gonna get it right on
Angel in satin and lace
