

## A Little Bit Of Love

The Mahones

A little bit of love is what she wants  
Love is what I got  
Give her what she needs  
She gives it back to me

Listen to the girl, you're best freind in the world  
Look around and see, she's always looking at me  
Damm I feel so fine, I'm lucks he is mine  
He's the best I've ever seen, and he loves to be with me

A little bit of love is what she wants  
Love is what I got  
Give her what she needs  
She gives it back to me

Babe takes me away, she's down all the days  
She loves to make me smile, she's hight by f\*\*\*king miles  
Now I'll take her home, she's my raggle taggle roam  
I'll take her by the hand, I guess that's enough

A little bit of love is what she wants  
Love is what I got  
Give her what she needs  
She gives it back to me
