

# Girl With Galway Eyes

The Mahones

I met a girl with Galway eyes  
It comes as no surprise  
The eyes that tell no lies  
Of the girl with Galway eyes  
Yeah, the girl with Galway eyes

I met her down at Queen Street West  
Yeah, right away I knew that she was the best  
Then I passed her test  
I was waiting on sidelines  
For my girl with Galway eyes

My Irish friends, they are the best  
We drink whiskey at Queen Street West, yeah  
Quincy, Hooley, and all the rest  
And the girl with Galway eyes  
Yeah, my girl with Galway eyes

I met a girl with Galway eyes  
It comes as no surprise, yeah  
The girl is now my wife  
She's my girl with Galway eyes  
She's my girl with Galway eyes  
She's my girl with Galway eyes  
You're my girl with Galway eyes, yeah

She's my girl with Galway eyes  
You're my girl with Galway eyes  
She's my girl with Galway eyes
