

Night Train to Paris

The Mahones

I love you baby, can't you see
Your head on my shoulders, your breath as you sleep
And you glow like an angel, who took shelter in me
On a night train to Paris, my baby and me

Ginger lady, by my bed
You make my life better, in my head
It's doesn't get much better now, just you wait and see
On a night train to Paris, my baby and me

It's been a long time, things were bad
But I still love you, you're the best I've ever seen
And I don't need no whiskey, to help me see
On a night train to Paris, my baby and me

Such a long time, I see you in my head
I've been feeling that I was dead
Bouncer in the morning, just you wait and see
On a night train to Paris, my baby and me
