

i think about you all the time

The Maine

Hey hey hey
Hey hey hey

The thought of you is wrapped around my neck (I'm chokin')
This lonely view is blue and violent (in the worst way)
The things I'd do to see you in that dress (on my phone)
I'm drinking all alone but I'll pretend

That one more vodka soda
Will get you sorta halfway off my mind

On a concrete floor in the Ace Hotel
It's a half-bad thought and I'm not so well
Well it's not just like you're kind of on my mind, oh
Yeah I'm all lit up in a lonely town
Would you still pick up if I call right now?
Well it's not just like you're kind of on my mind
Oh, I think about you all the time
I think about you all the time

Saw your old apartment in my head (the worst day)
Roll like teenage lovers in your bed (in the best way)
Gossip, tender lovin', mornin' sex (on a cold day)
I woke up all alone but I'll pretend

That one more vodka soda
Will help me get over
The truth that you're not only sometimes on my mind

On a concrete floor in the Ace Hotel
It's a half-bad thought and I'm not so well
Well it's not just like you're kind of on my mind, oh (oh)
Yeah I'm all lit up in a lonely town
Would you still pick up if I call right now?
Well it's not just like you're kind of on my mind
Oh, I think about you all the time

Yeah I like the thought of you thinking of me
Yeah
Oh, oh
Yeah I like the thought of you thinking of me
Yeah I like the thought of you thinking of me
In Chicago rain when we walked the streets
And the skyline looked like a movie scene
You're the only thing that's always on my mind
I think about you all the time

I don't need a plan if I've got your hand
I don't need a plan if I've got your hand
Is there like a certain way you want me to say it?
