

# Tears Won't Cry (Shinjū)

The Maine

Tell me what you think about  
Lovers, leaving, this evening  
(With the blood red moon)  
Sex and freedom, shelter and  
(Sweet endings too)  
Disappearing like a thought  
(Our forbidden truth)  
Disappear, never get caught

Dream with both eyes open  
We can slip away  
Our escape in motion  
Now I'm wide awake  
Save your tears for something  
Worth crying over babe  
Don't waste 'em on misfortune  
Darling break away

To a place they won't cry  
Baby they won't cry today

Just like a secret lovers' suicide  
Kiss off into the sky  
To a mystic place where tears won't cry  
We'll borrow happiness just for the night  
Where all our tears won't cry  
Oh and nothing can hurt you

Tell me what you think about  
Me and you and Valentine  
(And desire too)  
Safe and sound in paradise  
(Just me and you)  
No sense in trying to hide  
(Oh it found me too)  
Our lust and our wild eyes

Dream with both eyes open  
We can slip away  
Our escape in motion  
Now I'm wide awake  
Save your tears for something  
Worth crying over babe  
Don't waste 'em on misfortune  
Darling break away

To a place they won't cry  
Baby they won't cry today

Just like a secret lovers' suicide  
Kiss off into the sky  
To a mystic place where tears won't cry  
We'll borrow happiness just for the night  
Where all our tears won't cry  
Oh and nothing can hurt you

Just like a secret lovers' suicide

Till death do us unite  
In a mystic place where tears won't cry  
We'll borrow happiness just for the night  
Where all our tears won't cry  
Oh and nothing can hurt you

Tell me what you think about  
Tell me what you think about  
Tell me what you think about  
Tell me what you think about

Just like a secret lovers' suicide  
Kiss off into the sky  
To a mystic place where tears won't cry  
We'll borrow happiness just for the night  
Where all our tears won't cry  
Oh and nothing can hurt you

Just like a secret lovers' suicide  
Till death do us unite  
In a mystic place where tears won't cry  
We'll borrow happiness just for the night  
Where all our tears won't cry  
Oh and nothing can hurt you
