

## Sunny Disposish

### The Manhattan Transfer

A sunny disposish will always see you through  
When up above the skies are black instead of being blue  
Mr. Trouble makes our faces roll on not a smile  
Without his saying 'so long' (I'm on my way!)

It really doesn't pay to be a gloomy pill  
It's absolutely most ridic, positively sil,  
The rain may pitter patter  
It really doesn't matter  
For life can be delish  
with a sunny disposish!
