

## Wildflowers & Wine

The Marcus King Band

Wildflowers and wine  
An old scratchy record plays in the background of our lives  
We're still here dancing after all this time  
Wildflowers and wine

I walk through fields of evergreen  
A golden sun like I've never seen  
I picked them one at a time  
Wildflowers and wine

No, I can't help it (Help it)  
Feeling the way I do  
I know you feel it  
Feel it the same way, too  
No, I can't help it (Help it)  
You're all I need tonight  
You know I mean it  
When I look, look in your eyes

Wildflowers and wine  
Old scratchy record plays in the background of our lives  
We're still here dancing after all this time  
Wildflowers and wine

No, I can't help it (Help it)  
Feeling the way I do  
I know you feel it  
Feel it the same way, too  
No, I can't help it (Help it)  
You're all I need tonight  
You know I mean it  
When I look, look in your eyes

Wildflowers and cheap red wine  
Just an old scratchy record plays in the background of our lives  
And we're still out here dancing, Lord, after all this time  
Wildflowers and wine

We're still out here dancing, Lord, after all this time  
Wildflowers, wildflowers and wine
