

Eres una obra de arte  
Con solo mirarte  
Algo que da paz

Cariño, eres un amor  
Cariño, pintas en color

Quiero tanto devorarte  
Esta vez besarte  
Si es que soy capaz

Cariño, eres un amor  
Cariño, pintas en color

There's something about you babe  
There's something about you babe

I can be your babe if you won't let go  
You can talk to me, but you already know  
I can be your babe if you won't let go

Cariño, eres un amor  
Cariñito, pintas en color

There's something about you babe  
There's something about you babe

Cariño, eres un amor  
(There's something about you babe)  
Cariño, eres un amor  
(There's something about you babe)

There's something about you babe  
There's something about you babe  
There's something about you babe  
There's something about you babe
