

## I Like It

The Marías

Physical, spin your body round  
You know the way I like  
Sugar babe, take me to the moon  
'Cuz I'm feelin right

Call me when you're holding it down  
Yeah, and I'll come around  
Baby if I'm holding a drink  
It doesn't mean anything

Baby girl, you don't gotta see me  
Any other night  
'Cuz baby I'm always a step ahead  
Of your other guys

Call me when you're holding it down  
Yeah, and I'll come around  
Baby if I'm holding a drink  
It doesn't mean anything

Keep thinking I will be your reason  
To call me up, baby don't hold me up  
Yeah, 'cuz I like it, I like it  
So baby don't hold me up  
Baby don't hold me up

Sugar babe, take me to the moon  
'Cuz I'm feeling right

Call me when you're holding it down  
Yeah, and I'll come around  
Baby if I'm holding a drink  
It doesn't mean anything
