

Watch as I wait
As it's never too late
You're right, I'm a fool
Celebrating twenty two

'Cause I've always been superclean
And I mean whatever I mean
If I don't then I'm a psycho
'Cause everything I've seen you do
Is everything I need from you

Tell me again
Why you always need a friend
Or a date to the gym
Like you've never even been

'Cause I've always been superclean
And I mean whatever I mean
If I don't then I'm a psycho
'Cause everything I've seen you do
Is everything I need from you

Yeah I've always been superclean
Motivated by a magazine
Just another clever psycho
'Cause everything I've seen you do
Is everything I need from you
