

# The Mice Inside This Room

The Marías

Every word came out too soon  
There are mice inside my room  
So tender they run  
Burned it all again  
So tender they run  
(Burned it all again)

If I stay can we get it right  
Pushing my love aside  
Before I sleep tonight  
Sing me a lullaby  
I'm losing my appetite  
Pushing my love aside  
Same scene I was kept alive  
Same scene you were kept

Nervous and I'm listening  
Making fun of everything  
They are taking pictures of my face  
So tender they run

If I stay can we get it right  
Pushing my love aside  
Before I sleep tonight  
Sing me a lullaby  
I'm losing my appetite  
Pushing my love aside  
Same scene I was kept alive  
Same scene you were kept alive

If I stay can we get it right  
Pushing my love aside  
Before I sleep tonight  
Sing me a lullaby  
I'm losing my appetite  
Pushing my love aside  
Same scene I was kept alive  
Same scene you were kept alive

I let you go, I let you go, I let you go, I let you go  
I let you go, I let you go, I let you go, I let you go  
I let you go, I let you go, I let you go, I let you go

I let you go, I let you go, I let you go, I let you go  
I let you go, I let you go, I let you go, I let you go  
I let you go, I let you go, I let you go, I let you go

I let you go, I let you go, I let you go, I let you go  
I let you go, I let you go, I let you go, I let you go  
I let you go, I let you go, I let you go, I let you go
