

Vicious Sensitive Robot

The Marías

If I need to be true
Send my love, and I'll send you
Never knock on your door
What do you think you need me for?

Tell a lie, you're uptight
Nothing better to do
At least it's something I'm used to, how 'bout you?

I got myself so high, I can't look down
Do it all to make your day
Anything to take the pain away-ay
And if you don't see why, I gotta go
Maybe I should get away
I would love to get away-ay-ay-ay

Call me back, but I don't see myself in your cell phone
Never stay on the line
Hanging me up all the time

Tell a lie, you're uptight
Nothing better to do
At least it's something I'm used to, how 'bout you?
Ooh-ooh, ah

I got myself so high, I can't look down
Do it all to make your day
Anything to take the pain away-ay
And if you don't see why, I gotta go
Maybe I should get away
I would love to get away-ay-ay-ay

Call me back, but I don't see myself in your cell phone
In your cell phone
