

## Blacklight Shine

The Mars Volta

You would be gone if it weren't for what I know  
Help me out of this godforsaken cure

If that rain don't fall any sooner, I'm gonna wash up on the shore

If that train don't run any sooner, I'm gonna waste away  
Into lantern jaws

Lastimado sentimiento en mi cinturita  
Dame rabia, dame todo el dolor  
Karma tarda en llegar pero llegará  
Lo vas a pagar

If that rain don't fall any sooner, I'm gonna wash up on the shore

If that train don't run any sooner, I'm gonna waste away  
Into lantern jaws

Y lo gritos van  
Baila si quieres más  
En pedazos quebrado  
Me entregaste una vida de engaños  
Lo vas a pagar

If that rain don't fall any sooner, I'm gonna wash up on the shore

If that train don't run any sooner, I'm gonna waste away  
Into lantern jaws

Reseeding the desert, the high control hex  
He obsessively pets with his thumbs  
Thinking no one's watching  
But I got the copy that he can never erase  
He's fit for a crypt  
A place for the errors in judgment that he can afford  
And I am that moment that you never saw comin'

And every fingerprint you answered for (For, for)  
I'll shine the blackest light to the culprit on all fours

If that rain don't fall any sooner, I'm gonna wash up on the shore

If that train don't run any sooner, I'm gonna waste away

If that rain don't fall any sooner, I'm gonna wash up on the shore

If that train don't run any sooner, I'm gonna waste away  
Into lantern jaws
