Cygnus...Vismund Cygnus

The Mars Volta

The ocean floor is hidden From your viewing lens A depth perception Languished in the night All my life, I've been Sowing the wounds But the seeds sprout A lachrymal cloud

Nino preparate
Que vas sufrir
Nino preparate
Salte veneno
Nino preparate
Salte de aqui
Nino preparate
Labios temblando
Nino preparate
Salte veneno
Nino preparate
Salte de aqui
Nino preparate
Salte de aqui
Nino preparate
Brincan los cuerpos
Vas a sufrir

My nails peel back
When the taxidermist ruined
Goose stepped the freckling impatience
All the brittle tombs
Five hundred little q's
I'm splitting hairs to
Match the faces

All night I'll hunt for you Let me show you what I mean Sangre Sonando De rabia naci

Now this train don't lie
An abortion that survived
A lineage of
Bastard mastacation
All the severed proof
Talons scratch my suite
These are the feathers
That replace them

All night I'll hunt for you Let me show you what I mean Sangre Sonando De rabia nací

Who do you trust
Will they feed us the womb
Chrome the fetal mirage

Will they feed us the womb
I found the remnants
Of a crescent fang
It cleaned my wing
Down to the bone
Umbilical syllables
Left to decode
There was no cradle
I can taste it
Come on now

All night I'll hunt for you Let me show you what I mean Sangre Sonando De rabia naci

Who do you trust Will they feed us the womb Chrome the fetal mirage Will they feed us the womb Bring me this plague She took a drink Those nicotine stains On his every word My scavenger quilt Will only hide the truth Bring me Bring me this plague I count the days to find What was left behind Only these names I clutch Will lead me to my home Somehow this river marks A wrinkle hand in mine And everyday that parts The water into two Mothers and feathers start To drown the living proof I can't remember these lakes of blood Wrapped in a blanket There sweats a cut Who do you trust Will they feed us the womb Chrome the fetal mirage Will they feed us the womb
