

# Love Some

The Marshall Tucker Band

You're taking me back  
Showing me history  
Making me high with those big brown eyes  
You're taking me back  
Reading me the whole story  
Making me feel like your love is something new

(Taking me back)  
I love some, love some  
(Taking me back, taking me back)  
I think I love someone  
(Taking me back)  
I love some, I love some  
(Taking me back, taking me back)  
You've got to be someone  
You've got to be some - be the someone

Your taking me back  
Showing my life to me  
Driving me mad when you say that you care  
Your taking me home  
Somewhere away from here  
No one will know, we'll take the road to nowhere

(Taking me back)  
I love some, I love some  
(Taking me back, taking me back)  
I think I love someone  
(Taking me back)  
I love some, I love some  
(Taking me back)  
You've got to be someone  
Be the someone

I love some, love some  
I think I love someone  
(Taking me back)  
I love some, love some  
(Taking me back, taking me back)  
You've got to be someone

(Taking me back)  
I love some, love some  
(Taking me back)  
I think I love someone

(Taking me back)  
I love some, love some  
(Taking me back, taking me back)  
You've got to be someone

(Taking me back)  
I love some, love some  
(Taking me back)  
I think I love someone
