

I Forgot About You

The Marvelettes

I've got something to say
I'm gonna say it any old way
You can never get it through your head
No matter, darling, what I said
I tried to show you, but I have a
Crushed love for you

You never tried to understand
You wouldn't even hold my hand
Now it's all over
I found somebody new

You can never really get it straight
Now, darling, it's much too late
My new love, well he made me
Forget about you

I don't walk the floor at night
I've gotten back my appetite
And everything, woah
Everything's gonna be alright

I've got something to say
I'm gonna say it any old way
I can't even realize
Why I wanted you to be my guy
When you're just the kinda fella that would
Break a heart in two
All the girls that you ever had
All you did was leave 'em sad
And I'm glad
I'm so glad I forgot about you

Hey, baby
No, no, no, no
It's much too late now
Got me another, woah
All the girls that you ever had
All you did was leave 'em sad
And I'm glad
I'm so glad I forgot about you
Woah, no no no
