

I Know How It Feels

The Marvelettes

Trust in me
And you won't be sorry
Treat me right
And I'll never make you cry
For I, will mistreat me bad
And I'll shed many, many tears
Oh, so I know
Yes, I know
How it feels

Love just me
And you won't regret it
I'm alone
Stay by my side
For I, I've been alone
So all alone
Against my will, so
I know
Yes, I know
How it feels

Come to me
Where then I meet you
Stand up for me
And I'll make you happy
For I, won't understand
When I can't get up
And will, oh
And I know
Yes, I know
How it feels

Oh, yes I feel
Oh, I want to tell you I know
