

Why Must You Go

The Marvelettes

Before you go away (Go away)
There is something I just gotta say
Will you miss me?
Why won't you kiss me goodbye?
Please, please don't make me cry

You've got your suitcase (Uh huh huh)
And you're headed toward the door (Uh huh huh)
I don't know if I'll see you anymore
Oh, you should know that leaving would only cause me pain
At least you could take the time to explain (Take the time to explain)

Oh, it's not too late to compromise (Compromise)
If I was wrong, then I apologise
I just wanna know
I just wanna know

Why must you go? (Why must you go?)
Why must you leave me? (Why must you go?)
Baby, I'ma miss you (Why must you go?)
Why must you go? (Why must you go?)

Why, why, why, why, why must you go? (Why must you go?)
Baby please, why must you go? (Why must you go?)
Please, please, please, please stay (Why must you go?)
Oh, why must you go? (Why must you go?)

Why must you go? (Why must you go?)
Why must you go? (Why must you go?)
Baby, please, please stay (Why must you go?)
