

If Nothing Else

The Matches

If this is perfect as it's gonna get
you bet you better bet it's for the best
no one gets us like we get us
we're such a mess
yeaaaah

we make it rough
then we make it right
turn it around
this mess is ours
can't put it down

if nothin else
hell we are good we are good at this
at least

if nothin else
if nothin else
turn it around
this mess is love
can't put it down

if nothin else
when nothin sells
hows it lasting
thanks for asking
very well

If nothing else
we don't need help
their petty talk and
pity looks
can stuff 'emselves

If nothing else
there's nothing more
to the world than
here behind the doggy door

our wolf can come and go
we'll come and then some more
if nothing else
we're good at this and
that's enough for me and her
