I swear that you believed me
When I told you that I was Superman
With you I can even fool myself {The truth is i still believe myself}
We've been friends since we were 12, {i been here 16 years}
Now I'll be 17 on the 24th
You've posed for 5 years on my shelf

I counted seasons 'till the fall
When I would steal your heart
You left the scene before my crime
I think about you
When I'm sick and tired of stupid girls
I think about you all the time

I am Superman with you
Oh, c'mon, you know you're my hero, too {I guess you're my hero too}
Oh, it might sound like a lie {Ah, we got a burnt bridge left behind}
But I know and you know {you can't reach me but I can}
That Superman can fly {coz' Superman can fly}

Stared through the menu on the wall {Crossed the old bridge}
We've read too many times {that we walked upon ten thousand times}
Lit a match to watch it burn {lit a match and watched it burn}
You keep me waiting longer every day {i cannot see beyond the smoke}
But I'm still here {but you are moving on}
The more you live, the less I learn

I am Superman with you
Oh, c'mon, you know you're my hero, too {I guess you're my hero too}
Oh, it might sound like a lie {Ah, we got a burnt bridge left behind}
But I know and you know {you can't reach me but I can}
That Superman can fly {coz' Superman can fly}

Went to Marine world,
Tried to find the words to say to you {tried to find the words to sing to yo
u}
But I couldn't find the place to start {but i lost my tongue somewhere betwe
en}
I love you, I hate you
All I know is that I don't know nothin'
And nothing's gonna break my heart -
Break down to a thousand pieces

I am Superman with you
Oh, c'mon, you know you're my hero, too {I guess you're my hero too}
Oh, it might sound like a lie {Ah, we got a burnt bridge left behind}
But I know and you know {you can't reach me but I can}
That Superman can fly {coz' Superman can fly}
