

Santa Does

The Mavericks

Who knows when you've been nice or naughty
Santa does, Santa does
Who knows when you've been sad and lonely
Santa does, Santa does

Santa does the things he does
For every girl and boy
Every time he comes around
He loads them up with toys

Who's got elves that work around the clock
Santa does, Santa does
Who's got reindeer and a sleigh that rocks
Santa does, Santa does

So be good you know you should
If you want Santa Clause
To bring you toys and goodies
Cause that's just what Santa does

Children all around the world
Are waiting all year long
They know he always comes around
Because he's Santa Clause

Who's got elves that work around the clock?
Santa does, Santa does
Who's got reindeer and a sleigh that rocks
Santa does, Santa does

Who does?
Oh you know, you know, you know it's Santa Claus
Who does?
Oh you know, you know, you know it's Santa Claus
Who does?
Whoa whoa Santa Claus
Whoa whoa Santa Claus
Whoa whoa Santa Claus
