

## Second City

The Menzingers

I was higher than I wanted to be  
North Clark, Second City  
These days I only wanna party with you  
I'm celebrating till the sun comes up  
Pour a little something in my coffee cup  
These days I only wanna party with you  
These days I only wanna party with you

Nothing good ever comes from  
Closing down a 4 AM bar  
I used to think that I'd cracked the code  
But then I'd walk home and forget my coat  
You moved here a few weeks ago  
You make me feel invincible  
So scared that I'll blow it all up, I don't show it  
Maybe I'm sort of a mess

But I've been cleaning myself up off of the floor  
Better than ever before  
I'm shaking to the core

I was higher than I wanted to be  
Hope I wasn't making a fool out of me  
'Cause these days I only wanna party with you  
The back booth of the bar again  
With all of our friends all crammed in  
But these days I only wanna party with you  
These days I only wanna party with you

Nightcap on the fire escape  
We'll slow down, we swear one day  
We'll settle into the lives we'll make  
When were damn well ready  
But till then I'll be a barfly  
You'll be a swatter  
We'll be perfect and tragic  
And desperate for each other

I'm always higher than I wanna be  
So much higher than I wanna be  
I'm always higher than I wanna be  
In the Second City  
I'm always higher than I wanna be  
So much higher than I wanna be  
I'm always higher than I wanna be  
In Second City
