

Try

The Menzingers

Can't sleep
Fever dreams
Yet another failed prophecy
The great shame
The guilt, desire
I can't turn it off

When you're falling slowly
It's not your fault
So tired and lonely
It's all fucked up

I'm not alright
I'm losing my mind
I try
I'm running out of time

I'm not alright
I'm losing my mind
I try
I'm running out of time

All grief, no relief
Same story on repeat
Too broke to save the world
Too broke to save myself

When you're falling slowly
It's not your fault
So tired and lonely
It's all fucked up

I'm not alright
I'm losing my mind
I try
I'm running out of time

I'm not alright
I'm losing my mind
I try
I'm running out of time

Ain't for tryin
Too broke to save the world

Ain't for tryin
Too broke to save the world

Ain't for tryin
Too broke to save myself
