

Falling Forward

The Methadones

There's a part of me that died for the millionth time
but I guess that's the way it goes
because I want you for myself I destroy my mental health
I'm hoping you can't see it show

[Chorus]

I am falling from the stars/ hurts like a hammer to the heart
as the shortness of my breath proves to be meaningless
I am all alone-falling forward this time

I wish winter would end
so I could see my friend in a spring ahead
I have a recent memory of the worst and longest January
I have ever known

[Chorus]

I almost took it as a sign just from pouring wine
into the largest glass in the house
I felt the world improve through the beauty of just being you
now a fleeting moment I wish could last

[Chorus]
