

## Where Did You Hide the Sun

The Methadones

I was tune-tuning out to channel 3  
wasn't alone because  
I had white noise keeping me company  
with a fistful of red and yellow pills  
and a little song and dance  
to entertain my imaginary friends  
where did you hide the sun???  
where did you hide the sun???  
where did you hide  
where did you hide the sun???  
it didn't come up this morning  
and it's the last thing I have left  
it's all I f\*\*king have  
if you don't bring it back  
I will stab you again and again and again  
and again  
where did you hide the sun?  
where did you hide the sun?  
where did you hide-where did you hide-the sun  
gamma rays will sedate me  
gamma rays will sedate me  
where did you hide the sun???  
where did you hide the sun???  
O-where-O-where-did you hide the sun?
