I'm okay, let me go  
I've been here way too long  
I'm okay, let me go  
You've had me way too long  
Don't worry about my plans  
I'm leaving  
Goodbye, so long  
Just please understand  
I've been here way too long  
I'm ready, I'm busy  
Just back away  
I'm winning, I've got plans  
I turned out great

I'm okay, let me go  
I've been here way too long  
I'm okay, let me go  
You've had me way too long  
I'll escape just in time  
You're all just on my nerves  
I'm happy by myself  
I'm finished with this part  
I'm okay, I'll escape  
Let me go
